

CTA Call for Action

27 July 2009

Help Win Affordable Healthcare Now!

Call Your Congressperson on Tues., July 28!

Use the Special Toll-free Line Set Up by Health Care for America Now

Call 1-877-264-HCAN (4226)*

The healthcare reform bill being voted on in the House of Representatives **this week** will save you an average of **\$2,800 per year**. That bill, **H.R. 3200**, will require people making more than a quarter of a million dollars a year to help pay for reform by rolling back Pres. Bush's tax cuts by **just 1%**. **The National Education Association (NEA) is partnering with HCAN to help win this vital fight.**

Here's what you can do to help:

Call your Member of Congress: Tell her/him to stand up for healthcare!

When prompted, press 1 to be connected to your Representative.

Ask to talk with someone who can speak about the Congressperson's position on healthcare.

Tell the Congressperson or her/his staff member:

- I'm a teacher/educational support professional calling to make sure that Rep. _____ knows that we need real health care reform in 2009.
- The House healthcare bill, H.R. 3200, will provide quality, affordable healthcare for all with good benefits and affordable costs.
- Health care can't wait, please vote for H.R. 3200, America's Affordable Health Choices Act, before you leave for vacation.

If you have trouble getting through, use this alternative toll-free number: 1-888-436-8427.

Then e-mail feedback from your conversation to lfeldman@cta.org. Let us know whether you have been able to secure a commitment for a "yes" vote from the member of Congress or her/his staff.
